AWARDS

Dean's Honor List

American International University–Bangladesh (AIUB)

Three times awarded for successfully earning a grade point average (GPA) greater than 3.75.

EXPERIENCE

Jr. Software Engineer   *Apr 2024 - Present*

Skylark Soft Limited, | Dhaka, Bangladesh

- Develop and enhance custom module-based ERP and RMG software for the garment industry using PHP-Laravel, JavaScript, VueJS, MySQL, Docker, and Bootstrap while adhering to SOLID and OOP principles. Manage dynamic data, troubleshoot features, and ensure efficient version control with GitLab. Maintain CI/CD pipelines to streamline deployment processes. Coordinate using an in-house PM tool called Deadoline.

Software Engineer Intern   *Jan 2024 - Mar 2024*

Skylark Soft Limited, | Dhaka, Bangladesh

- Assisted in developing web applications using PHP-Laravel, JavaScript, VueJS, MySQL, and Bootstrap. Collaborated on feature implementation, debugging, and version control using GitLab, contributing to efficient project workflows.

PROJECTS

Let'sTeach - Tutor Hiring Platform   *GitHub Link*

Developed a web application connecting tutors with prospective students, featuring role-specific functionalities for admins, tutors, and students. Built using Laravel, Laravel Breeze, and Bootstrap, the platform enables profile management, job postings, and seamless user interaction.

FlavorVerse – Online Recipe Platform   *GitHub Link*
                                                 Live

Designed and developed a front-end project using HTML, CSS, and JavaScript, featuring curated recipe collections. Users can browse and view recipes by selecting from various categories for an engaging and interactive experience.

CO-CURRICULUM ACTIVITIES

Researcher & Web Developer   *Oct 2023 - May 2024*

AIUB Research for Development Club | AIUB

Contributed to research and web development initiatives at AIUB. Played a key role in designing and implementing web solutions to support research projects, combining technical expertise with collaborative problem-solving.
